San Juan, PR 00907-2755

RE: Reference Letter

We highly recommend the Data Warehousing services provided by Fusionworks. As part of our Data and Reporting Analysis project personnel from Fusionworks delivered a comprehensive Business Intelligence solution that has enable Triple S measure and monitor key performance indicators for the Finance and Clinical departments. The first phase of the project was completed during 2009 and we are currently implementing additional features to the final solution.

If you need additional information feel free to contact me at 787-273-1110 ext. 4526.

Sincerely,

José E. Biescas Lázaro
Gerente Bases de Datos
